

Wolverines Meet Manogue Friday In Last Game Here

Winnemucca Falls Before Wolverines As Score In Game Close

The Tahoe Truckee Wolverines played the role of giant killer Friday night as they toppled the Winnemucca Buckaroos in a real thriller 42 to 41 to hand the visitors their first conference loss in 18 games.

Saturday night saw the Wolverines travel to Douglas and drop a conference game 55 to 37 as the locals were unable to get untracked after their tough game the previous night, hitting an anemic 18 per cent of their shots from the field in comparison to their home game against Loyalton last week when they hit for 58 per cent in the first half and 47 per cent overall.

The Buckaroos came here riding on the crest of 17 straight wins in conference play and looking for their second win over the Wolverines, whom they had toppled 28-22 at Winnemucca Earlier in the season.

Tom Sheehan, Dave Rickert and Ken Vaughan played outstanding ball. Controlling the backboards while teammates Wilson, Cooper, Nelson and Trask set up the offensive patterns of the game. Truckee at the end of the first quarter, was leading 7-6 but the game was nip and tuck all the way and at the end of the first half big Tom O'Carroll hit a jump shot from the key to put the Buckaroos ahead at the buzzer, 19-17.

I the third quarter the Wolverines continued their fine defense as they held the Buckaroos to eight point while picking up 14 to take the lead at the end of the third quarter 31-27. The last quarter had the fans on their feet most of the way as the two teams traded bucket for bucket during the entire quarter. Vaughan made a first shot but missed the second and luckily controlled the rebound, passed it in to Dave Rickert who drove under the basket and came up with a hook shot that was good and the Wolverines had their margin of victory, 42-41. Vaughan led

SPORTSMEN OFFICERS TO PROTEST CLOSURE

Jack Waggoner, president, and Mrs. Edith Welch, secretary, of the Truckee Outdoor Sportsmen, are expected to attend the meeting of the California Fish and Game Commission at Sacramento Friday to protest the closing of 10 miles of the Truckee River from Hirschdale to the state line to bait fishing. Letters of protest from local organizations, have been forwarded to the commission.

Charles Osburn, vice president of the local club, said he had conferred with C. B. Young, president of the San Francisco Flycasters Club and the latter offered his assistance in having the section reopened and asked that the local sportsman support a plan to close the river to bait fishing on property owned by the Flycasters.

PAT ANDRES HEADS TRUCKEE AC GROUP

Miss Pat Andres was elected president of the Truckee Athletic Club February 10 at a special meeting of the organization, held in her home. Daven Morey is the new vice president and counselor and Al Cavallo the secretary-treasurer.

The club also decided to enter two ski teams in the Sacramento Bee race to be held Sunday at Soda Springs. First team members will include Bob Tonini, Bill Campbell, Karen Sharrick, Mary Ann Tonini. The second team will be composed of Joe Copeland and Charles Smith with the two women participants yet to be named.

Rebekahs Will Welcome New Members At Meet

A formal initiation ceremony will be held by Naomi Rebekah Lodge, No. 2, on February 27 when two candidates will be welcomed into the organization.

Mrs. Rex Reid, noble grand, has requested all officers and members to be present at the affair.

During the regular meeting on February 13, plans were made to hold a card party on March 29 as well as drill practice for the later meeting of this month. Mrs. Ruth Gross and Mrs. Margaret Avila were on the refreshment committee.

Austrian Skiers Will Be In Squaw Meet April 6

Toni Sailer, Austria's triple Olympic Gold Medal winner, and three other famous Austrian skiers have been granted permission by the Austrian Ski Association to compete in the North American Ski Championships at Squaw Valley April 6-7.

Sailer, Andrei Molterter, Jos Rieder and Putzi Frandl also will participate in the Roch-Cup races at Aspen, Colo., February 22-24, and in the Alpine events of International American Championships at Stowe, Vt., March 5-17.

Olympic Talks At Nyack Scheduled For Next Thursday

Reservations for the luncheon meeting at Nyack Lodge scheduled for Thursday, February 28 and sponsored by the Sacramento Valley Council of the State Chamber of Commerce for the purpose of airing details in connection with the 1960 Winter Olympic games at Squaw Valley, should be made with Donald Dickey, room 230, Senator Hotel, Sacramento. Dickey is manager of the council.

The Sierra Sun inadvertently announced the date last week as February 26 instead of February 28. The affair will start at 12:30 p.m. and Senator Harold Johnson will be the principal speaker. Following the luncheon a panel discussion will be held on various aspects of the 1960 program.

The luncheon charge will be \$2.50 and reservations are required.

Next Adult Polio Clinic On March 5

The next adult polio inoculations will be given March 5 from noon to 2 p.m. and from 5:30 to 7:30 p.m. in the polio mobile unit to be stationed at a prominent location on the main street in Truckee. Approximately a month later another clinic will be conducted in the mobile unit or at the Truckee Elementary School.

In announcing the clinic, Dr. L. D. Nelson, assistant county health officer, said an intensive campaign seeking immunization of everyone up to the age of 40 will be undertaken during the early months of this year.

Immunization has been lagging, Dr. Nelson said, and thousands of new cases are still occurring, largely among age groups which have not received the vaccine. The marked decline of polio can be achieved by people taking advantage of the vaccine protection, Dr. Nelson said.

Through the federal and state departments of public health free vaccine will be made available to one-third of the population up to the age of 40. Many persons from that age group seek protection from their private physician.

The clinics here are conducted by Dr. Nelson, Dr. Ben R. King and Health Nurse Charlotte Patonou. The program, while conducted on a nation-wide basis, is arranged here through the efforts of Dr. Nelson who has been authorized to hold the clinics as arranged.

"Contribution to the March of Dimes program is urgently needed and recommended in order to maintain and cope with the ever increasing intensive and accelerated research program," Dr. Nelson declared. "We are all aware and deeply grateful for the outstanding discovery by Dr. Jonas Salk in developing a vaccine for the prevention of paralytic polio. Such a program was made possible through your contributions to the March of Dimes."

CUB SCOUTS PLAN POT LUCK DINNER

Cub Scouts of Pack No. 7 who are under the leadership of Darrol McGilhon will hold a potluck dinner at 7 o'clock, February 25, their meeting night, in the high school cafeteria.

All members of the pack and their families are urged to attend, Robert Roth, secretary of the group, announced earlier this week.

THREE BOYS BORN AT HOSPITAL HERE

Three babies were born at the Tahoe Forest Hospital during the past week.

Mr. and Mrs. Richard Carnell of Tahoe City received a Valentine in the form of an eight-pound, seven ounce boy, Michael Phillip, on February 14 at 4:27 a.m. Dr. L. D. Nelson was in attendance.

On February 17, Mr. and Mrs. James Souter of Truckee were presented with a son, Robin Kent, six pounds, 14 ounces at 3:57 a.m. Dr. Ben King was the attending physician.

Also on February 17, Steven Edwin Goldsmith arrived at 6:17 p.m. to Mr. and Mrs. John Goldsmith of Truckee. He weighed seven pounds, ten ounces. Dr. King was in attendance.

Ski Instructor Has Narrow Escape In Mishap On Donner

Slip Sends Sugar Bowl Ski Expert To Hospital With Injuries

Sepp Mueller, 30-year-old ski instructor at Sugar Bowl is recovering at Tahoe Forest Hospital from injuries suffered in a near tragic accident Monday morning.

While on a lone expedition to Mount Lincoln where he planned to take early morning pictures, Mueller slipped on the icy snow crust and tumbled into a ravine striking his face into a pile of rocks and breaking his collar bone.

The skier left Sugar Bowl Lodge at 6 a.m. and the mishap occurred around 8 a.m. The unconscious Mueller lay where he had fallen until 2 a.m. Tuesday morning.

When he revived, he started pulling himself toward the highway and arrived at the division of highways maintenance barn on the summit at 9:30 a.m. Tuesday, badly injured and in a state of severe shock.

In the meantime friends and family at the Sugar Bowl became concerned over Mueller's absence and late Monday night search parties, headed by Walter Haug, manager of the resort, Bill Kline, head of the ski school and Bradley Board, chief of the ski patrol, set out to find him.

The search parties, equipped with walkie-talkies spent the entire night on the search, returning to the lodge at 5 a.m. and were preparing to renew the search when it was learned Mueller was en route to the hospital.

Mueller is an experienced skier and only recently came to this country with his wife and two children from Innsbruck. He is considered one of the best instructors in the area.

School Official To Leave Next Year

The resignation of Lynn Kishbaugh as assistant administrator of the Tahoe-Truckee Unified Schools was accepted by the board of directors at their meeting last week. Kishbaugh, who has been with the local school system for the past eight years in the capacity of teacher-principal at Kings Beach and Truckee before his appointment last year as assistant administrator, did not immediately reveal his plans for the future.

The board accepted the resignation but has taken no action on a successor. Neither did they decide whether the job would be abolished with a return to the former system of a principal for each school thus eliminating the need for an administrative assistant.

Other resignations accepted were those from Mrs. Arlene Roth as a teacher in the Truckee Elementary School; Mrs. Minnie Wagner, cook at Kings Beach and Conrad Briner, high school vice principal, now on leave. It was indicated in the acceptance of Briner's resignation that William Sciutto, this year's principal will be re-employed for the coming year.

Elmer Hall was employed as a substitute bus driver and Mrs. Elita Taylor was employed as cook at Tahoe Lake school and Mrs. Carmel Throop as cook at the Kings Beach school.

CAPITAL FAMILY HERE TO ESTABLISH HOME

Mr. and Mrs. C. Z. Smith and children have moved from Sacramento to establish their home in Truckee and have taken an apartment in the Curran Building.

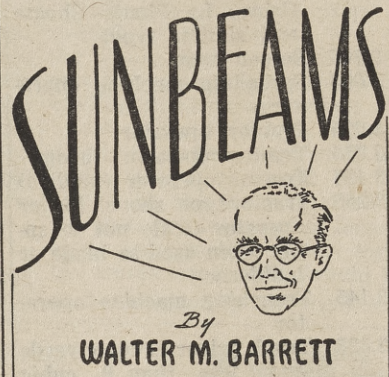

Smith, who is an insurance man, made the first move to become a working part of the community by joining the chamber of commerce. The family sold their home at Sacramento and plan to remain here indefinitely.

THEFT REPORTED

Deputy Sheriff Roy Waters reports he is investigating the theft of \$500 from the Pastime operated by Wesley Karasson. The money, all in \$20 bills, was reported taken from a drawer in the establishment during the hours it was open for business.

Trip South—

Mr. and Mrs. Clarence Osburn and family are enjoying a brief trip to the Lake Mead vicinity in Nevada this week.

On the basis of current reports, this newspaper will vigorously oppose the condemnation of privately owned property in Squaw Valley by the state unless that land is necessary for the conduct of the 1960 winter Olympic games and to provide the state with a reasonable return for its investment. A recently announced determination by the division of beaches and parks to take over the entire valley—an estimated 4000 acres—is utterly ridiculous and economically unsound and would destroy the very essence of the ideals upon which Olympics are founded. Such a move would make the holding of the games excessively expensive and would destroy any thought of obtaining private investment to assist in providing needed facilities. It would wipe from the tax rolls thousands of dollars and not add one iota to the original purpose of holding the games in California.

The original purpose of the Olympic Commission was to secure the land needed, negotiate with private owners for added land requirements and then turn that area—perhaps 100, or 200 acres—over to beaches and parks for a permanent state park. Beaches and parks apparently seized upon the idea as a means of obtaining more land, land which if former procedure is practiced, would be left to stand in its "natural beauty" and any thought of development could be abandoned. We have evidence of this attitude in the Emerald Bay stalemate and in other less local situations. Instead of costing an estimated \$7,900,000 for the games, beaches and parks proposes to add still another \$2,500,000—a minimum figure—and at the same time deprive the state of opportunities which holding the Olympics would obviously provide.

The annual student speakers contest, sponsored by the Nevada-California District 4 of the Lions International, will be held at the Tahoe-Truckee High School on March 6, Roy Waters, club president, announced. John S. Corbin will be chairman of the local contest.

This year over 600 Lions clubs will sponsor a student speaker and 700 schools in California and Nevada are cooperating in furnishing 16,000 participants to chose from.

Winners from the local clubs will compete in zone and district contests and the contest will conclude at the Lions International convention at San Francisco in June. The winner will receive a \$1500 scholarship to any accredited college. Three second place speakers will receive \$500 scholarships.

Names of the local contestants will be announced later by James Brehler of the local high school faculty.

HOMER'S ODYSSEY ON TAP FOR LOCAL CLUB

Homer's The Odyssey will be read and discussed at the February 27 meeting of the Great Books Discussion Group. Mrs. Laura Wilson and Mrs. L. V. Taylor will lead the discussion beginning at 8 p.m.

Under the new schedule of rotating meetings between Truckee and Tahoe City, this one, the fourth Wednesday of the month, will be held in Truckee at the high school library.

Mrs. Kohl Is Re-elected To Head Pythian Sisters

Members of Summit Temple, No. 79, Pythian Sisters met on February 14, re-electing Mrs. E. Kohl as most excellent chief and also retained the officers of 1956 with the exception of Mrs. Lloyd Van Sickle who has not been in town.

Mrs. Fosten Wilson assumed her post of secretary.

A party will be included in the February 28 meeting date of the lodge, arranged by Mrs. Wilson with Miss Ella Waters and Mesdames H. Ciardella, Robert Bick composing the refreshment committee.

School Board Will Take Expansion Project To Public

Need For Additional Room Will Be Explained At Local Meetings

Need for increasing the facilities at the schools of the Tahoe-Truckee Unified District is creating concern for the members of the governing board and at last week's meeting an informal discussion on ways and means of providing these needs was held.

At the same time the board approved plans for enlargement of facilities at the Kings Beach school, to cost in the vicinity of \$130,000 and sent the plans to the state board of architects for approval. Work is expected to be done this coming summer.

In relation to the over-all program, seen as a necessity, the board decided that before taking a definite stand on the problems of planning and financing they would take the matter to the public through community meetings to acquaint the people of the needs and to determine the reaction of the taxpayers to the proposal.

The board has been advised that approximately \$8000 will be needed to revamp the old high school building in Truckee and ready it for a warehouse and administration offices. Approval of state officials is now being awaited, but it seems this action, if permitted, will only temporarily solve the fast growing housing problem. Daily average attendance in all schools of the district is showing phenomenal growth and unless some action to relieve the situation is undertaken in the near future, it appears double sessions will be necessary, John Corbin, superintendent, declared.

Airport Group To Meet On Monday

A meeting of the Tahoe-Truckee Airport Committee has been called by Chairman C. Edmunds for Monday, February 25 with a noon luncheon at Smart's.

At that time, Edmunds said, the committee will present suggestions for the appointments slated by the board of supervisors for March 1 of five commissioners to handle details of the project. Placer County members will be asked to submit a similar list to the supervisors of that county to coordinate efforts.

Harold Berliner of Nevada City, who is representing the committee, told Edmunds that he had investigated the possibility of a dual taxation in event Nevada County decides to form a county-wide district as has come up with the opinion that is not possible. However, it was pointed out, the Truckee area probably would not be excluded in event a county-wide district is formed in advance of the local district.

In the meantime, the California Olympic Commission has asked Clyde Barnett, director of the California Aeronautics Board, to present a written report to determine to what extent the Olympics group can assist in providing an adequate airport by 1960 when the games will be held at Squaw Valley.

Barnett appeared before the Olympics Commission in San Francisco last week and pointed out the value of such an installation and said "there's not a single good airport in the Sierra now and we have an ideal place to put one."

The present local proposal calls for establishment of an airport district and for the time being at least will not ask for local financing.

Al Schells Parents Of New Baby Daughter

Mrs. Orlin Waters returned last week from Sacramento where she had visited with her son-in-law and daughter, Mr. and Mrs. Al Schell, following the arrival of their second child on January 23.

Tracie Ann are the given names of the little girl. The parents are well known in the Truckee, Donner Summit district where they formerly lived. The mother is the former Alberta Cooper.

Tollefsons In Tucson—

Mr. and Mrs. C. A. Tollefson are sojourning in Tucson, Ariz., greatly amazed at the rapid industrial growth of the area. The local couple will return to Hemet before re-turning to Truckee.

JEEP OVERTURNS

Parley Lee Vail, resident of Truckee and Reno, was taken to the Tahoe Forest Hospital for treatment after a jeep he was driving hit a snow bank six miles north of here on the Hobart Mills road and overturned on the highway, last Wednesday. The injured man was taken to the hospital by Truckee ambulance.

Schaeffler's Team Wins Intercollegiate Ski Meet

NORDEN—Willie Schaeffler and his champion skiers of the University of Denver were giving Mt. Lincoln at Sugar Bowl a real try-out this week after winning the University of Nevada's winter carnival for the seventh year in a row. Nevada came in fourth in the meet held last weekend.

Lloyd Everett flew to New Mexico last week to visit his ill mother.

Park Official Asks For Entire Valley As New State Park

Opposition To Plan Seeking State Control Of All Valley Voiced

The state park commission has recommended the appropriation of another \$2,500,000 by the state legislature to purchase private lands it claims are necessary for a permanent year-around park and recreational operation at Squaw Valley.

In a memorandum to the commission, headed by J. R. Knowland of Oakland, Newton B. Drury, chief of the division of beaches and d parks, said the amount would be necessary to turn the site of the 1960 winter Olympic games into a state park.

The ambitious program would have the state take over approximately 4000 acres of valuable land, involving some 150 owners, including the Squaw Valley Development Company's holdings, operated by Alex Cushing, and the Squaw Valley Livestock and Development Company's large potentially rich area, owned by Mr. and Mrs. Wayne Poulsen.

Planners for the 1960 winter games contemplated the use of only approximately 100 acres, the majority of which was federal forest service lands. This, they felt, would be entirely adequate for the games and the balance of the valley could be developed by private interests to meet needs for the games and future requirements.

The right of eminent domain, as contained in a bill now before the legislature seeking \$2,900,000 to make the facilities permanent for the use of the state after the games, was injected to protect the state's investment and was not intended to be used as a land-grab for beaches and parks.

Johnson Opposed State Senator Harold T. Johnson, who has sponsored all previous legislation for the games and who introduced the pending bill, has announced he will not support the recommendation of the parks commission to add another two and a half million dollars.

Many supporters of the Olympics charge that the action of the parks commission, if carried out, might jeopardize the program and would certainly not add anything beneficial. As a matter of fact, it was pointed out, the need for private investment in the area is required for the conduct of the games as well as the economic future of the region and state.

At a recent meeting of the California Olympic Commission, when the bill to provide additional funds to make the facilities permanent was approved unanimously, Charles R. Blyth, chairman, assured local property owners that private investment at the valley was not only desirable but needed.

Lone Hand Park officials apparently did not confer with Olympic planners on their progress or future needs before making the recent announcement.

No immediate opinion of the Olympic Commission or the Planning Committee was forthcoming on the announcement by Drury, but it is believed they will oppose any wholesale condemnation action as it has been held the acquisition of large areas of land are not necessary and such action would serve only to discourage private investment so necessary to the program.

Shill More Aside from the two and a half million dollars for land purchase, Drury said development funds amounting to another million would be necessary to convert Squaw Valley from a winter games spectacle, with relatively few participants, to a winter sports recreational area for general participation by the public. He apparently did not count on these facilities being provided by private funds if land-owners could be assured their rights would not be violated.

FLORISTON YOUTH IS TREATED FOR WOUND

Charles Leonard Berger, 13, of Floriston, was treated at Washoe Medical Center Saturday after a .22 caliber rifle accidentally discharged through his foot.

The youngster was brought to Reno from Floriston by Gordon Petersen and Gehard Riebe, who said he had been displaying the weapon to other youngsters while visiting their home.

Young Berger's parents were visiting in Lovelock when the accident occurred. The boy was not seriously injured.

Schaeffler's Team Wins Intercollegiate Ski Meet

NORDEN—Willie Schaeffler and his champion skiers of the University of Denver were giving Mt. Lincoln at Sugar Bowl a real try-out this week after winning the University of Nevada's winter carnival for the seventh year in a row. Nevada came in fourth in the meet held last weekend.

Lloyd Everett flew to New Mexico last week to visit his ill mother.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS

DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on March 6, 1957, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefore to which special reference is made, as follows:

Nevada and Sierra Counties, between 0.5 mile east of Floriston and Nevada State Line (Ill-Nev, Sic-38-B.A.), about 5.4 miles in length, to be graded and paved with Portland cement concrete on cement treated subgrade and a reinforced concrete slab bridge to be constructed.

Bids are required for the entire work described herein.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with federal funds and that therefore all of the applicable federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 8, article (b), of the Standard

Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontracting; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions. In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate	Classification
\$3.095	Asphalt plant engineer
3.00	Carpenter
2.995	Cement finisher (journeyman)
2.705	Concrete mixer operator (up to one yard)
3.035	Concrete mixer operator (over one yard)
3.095	Concrete saw operator (self propelled unit)
3.095	Heavy duty repairman
3.095	Mechanical finisher operator (concrete or asphalt) (highway or street work)
3.255	Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)

3.425	Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)
3.00	Painter (Nevada County)
2.55	Painter (brush) (Sierra County)
3.255	Power grader operator (power planer motor patrol or any type power blade)
3.15	Reinforcing iron worker
2.325	Road oiler
3.095	Roller operator
3.255	Rubber tired heavy duty equipment operator (Toumnapull, Jeep, Terra Cobra, La Plante Choate and similar type)
2.705	Screen man
3.095	Spreading machine operator
3.095	Tractor operator
3.255	Tractor operator (boom)
3.425	Tractor operator (tandem)
3.255	Tractor-type shovel loader operator (scale not to apply when used as blade or bulldozer)
3.145	Trenching machine operator
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)
Intermediate Grade Labor	
2.575	Asphalt ironer and raker
2.595	Apprentice (oiler, fireman, watchman)
2.575	Blaster—powderman
2.48	Bootman
2.765	Boxman or mixer box operator (concrete or asphalt plant)
2.575	Chainsaw operator, faller, logloader and buckler
2.575	Driller (diamond, core, wagon and other mechanical drill)
2.425	Driller's helper, chuck tender, outside nipper
2.705	Fireman in hot plant
2.575	Header board man
2.595	Heavy duty repairman helper
2.575	Jackhammer operator
2.425	Operator of vibrators and all pneumatic, gas and electric tools
2.575	Pipe layer, caulker, bander
2.425	Sloper
3.255	Truck driver (less than 4 cubic yards water level)
2.465	Truck driver (4 cubic yards and less than 6 cubic yards water level)
Unskilled Labor	
2.325	Flagman
2.325	Laborer
2.325	Limber, brush loader and piler

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than \$2.325 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than \$2.325 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than \$2.325 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms

AIRLINE TICKETS TO BE SOLD BY S.P. HERE

Air-minded citizens of Truckee will soon be able to get American Airlines reservation and tickets at the local Southern Pacific station, E. K. Stice, SP's agent here, announced today.

The new convenience for the flying public will become effective on Tuesday, February 12, Stice said.

Truckee is one of more than 200 western towns covered in the broadened service. They are at selected points in Arizona, California, Nevada, New Mexico, Oregon and Texas where AAL does not now have representation.

The system works this way: the hometown agent handles the preliminaries, then contacts the nearest SP control center for confirmation of the reservation with the airline. Quickly notified, the agent completes the sale.

ZONING COMMITTEE WILL BE SELECTED

NEVADA CITY—A countywide committee to draw up a zoning plan with specific emphasis on zoning site selection will be appointed by the Nevada County Planning Commission March 12.

The planning commission approved the appointment of such a committee from chambers of commerce of Nevada County and the Nevada County Board of Trade.

Charles Litton, commission chairman, stressed the importance of a study of noise, smoke and smell in all surveys.

FREEWAY ROUTING IN PLUMAS PLANNED

SACRAMENTO—The California Highway Commission has adopted a freeway routing for 5.9 miles of U. S. Highway 40 Alternate (Feather River Highway) in the vicinity of Blairsden in Plumas County.

The route adopted is that recommended by State Highway Engineer G. T. McCoy. It will relocate some portions of the highway between 0.7 mile west of the Feather River Inn and Willow Creek. On other portions the route follows the existing highway.

A major relocation begins about two miles east of the Feather River Inn, where the adopted route swings south of the existing highway for approximately two and a quarter miles. Numerous sharp curves are eliminated and about 0.2 mile saved in driving distance.

of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS.

G. T. MCCOY,
State Highway Engineer.
Dated: February 8, 1957.

MASON WARNS OF CHANGE IN LAWS

State Motor Vehicles Director Paul Mason today cautioned that a new urgency law signed Monday by Gov. Goodwin J. Knight makes it illegal for a registered owner to transfer his interest in any vehicle which has been involved in a reportable accident until certain financial responsibility requirements are met.

A reportable accident is one in which death or injury has been caused, or where there is property damage of \$100 or more, and must be reported to the Department of Motor Vehicles in Sacramento.

The new act, introduced by Senator Earl Desmond of Sacramento, as an amendment to the vehicle financial responsibility law, and passed by the legislature in January, does not affect the right of a legal owner to take possession of the involved vehicle and to transfer registration, Mason said.

TRUCKEE TIDBITS

By SWANEE
(Phone Truckee 188)

Mr. and Mrs. Jack Wolert are sitting tight with crossed fingers awaiting the arrival of April 15! For on that date they plan to sail on the French liner "Pinnipeg" for a leisurely tour of Europe. In Germany they will purchase a Volkswagen in which they will tour France, England, Austria, Germany, Italy and Denmark, remaining at length in Germany and Denmark to visit with relatives. The reason for the crossed fingers is that they planned a similar tour last year but Jack became ill at the last moment and their trip had to be postponed. They will take along 15 rolls of color slides so they can capture memorable moments and scenic wonders of their European holidays. In 1953 the Wolerts spent some time in Germany where they

were guests of Jack's two sisters and brother. They expect to return to the United States late in October and will drive home in their new car, arriving sometime in November. They returned to Truckee on Friday of last week following a visit in San Francisco, where they completed their travel bureau ticket arrangements and were guests of Mr. and Mrs. Ernie Kahl and the Willie Wolerts, and visited the Ernie Dugans and William Wilkies in Stockton.

The many friends of Mrs. Charles Heller will be happy to know that she is making an excellent recovery from a sinus operation performed in St. Mary's Hospital in Reno on February 1. A chronic sinus infection made surgery necessary when it became acute. She is able to work in the store for a few hours daily at this time.

On Wednesday evening Mrs. Heller hosted a bingo party at her apartment in town for members of

Donner Council Sunshine Girls to whom she is royal advisor. Prizes and refreshments followed the games. Regular meetings of the Sunshine Girls will resume for the current season on March 6.

Mrs. Edith Trent is in Tahoe Forest Hospital at this writing where she is suffering an attack of pneumonia, brought on by a heavy cold and bad cough which persisted over the past two weeks.

Also recuperating from a severe cold and cough which lasted more than a week is Mrs. Laura Gaiennie.

Recent guests at the Lynn Kishbaugh home in Truckee were Mr. and Mrs. William Quinn, former residents of Pineland, Lake Tahoe, now residing at Tule Lake where he teaches in the high school. Kiddies Michael, Colleen and Kevin were left at home with a babysitter.

The Kishbaughs are looking forward to attending the golden

wedding anniversary of her parents, Mr. and Mrs. George Marquardt of San Jose on March 5, at which time many old friends, and relatives, will join the celebration.

A good sized crowd attended the meeting at the Tahoe-Truckee Unified High School on Thursday evening last, which followed directly after the conclusion of the regular PTA session. Superintendent of Schools John Corbin was chairman and special guest speaker was Wayne Bartholomew, recreation specialist from the Sacramento State Recreation Commission.

Numerous questions were answered by the speaker who told the group that a special survey would be made of the Tahoe-Truckee-Floriston-Donner Summer areas to determine whether a recreation director for this area such as is being requested, would be warranted. He also stated that because the areas involved are not incorporated districts the entire cost of the recreation director would have to be assumed by the local school

ANNIVERSARIES
Felicitations were in order yesterday for Mr. and Mrs. Frank Giovannoni who celebrated their wedding anniversary. Another celebration this week occurred at the home of Mr. and Mrs. Jack Ellis, parents of Kittie

board. There will not be another meeting of the subject until after the survey is made, around the first of May at the latest. Mr. Bartholomew will again meet with local residents sometime in April at which time definite information should be forthcoming.

The Saturday night dancing party held by teen-agers at the Truckee Community Methodist Church Recreation Hall was declared a real success. Chaperones for the evening including Mr. and Mrs. Bob Leamon, Mr. and Mrs. Russ York and Rev. Wesley Osman. Students of the seventh, eighth and ninth grades and their guests participated.

Lou who was 11 years old on February 18. Everett Parker, well known local man, will also be feted in his family circle on his birthday, February 23.

Sees Friends—
Mrs. D. Sabini of Reno on Tuesday visited local friends. The family lived in this area for 26 years before going to Nevada.

ORDER NO. 1

TRUCKEE SANITARY DISTRICT APPROVING PETITION FOR ANNEXATION, DESCRIBING TERRITORY TO BE ANNEXED, AND ORDERING ELECTION ON ANNEXATION

THAT WHEREAS, pursuant to Section 6840 of the Health and Safety Code of the State of California, a petition for annexation of certain territory to said Truckee Sanitary District has been heretofore filed; and

WHEREAS, pursuant to Resolution No. 4 of the Board of Directors of said Truckee Sanitary District, said District did call for a hearing on said petition on the 29th day of January, 1957, and did cause notice thereof to be given for the time and in the manner required by law, including Section 6844 of the Health and Safety Code of the State of California; and

WHEREAS, pursuant to Notice of Hearing, at the time and place and on the date specified therein, a public hearing was had in reference to said petition for annexation, at which said public hearing no protests were made or filed opposing said annexation, and evidence in support of said petition having been presented, and the Board of Directors having considered the same and being advised in the premises,

NOW THEREFORE, IT IS HEREBY DECLARED AND ORDERED BY THE BOARD OF DIRECTORS OF TRUCKEE SANITARY DISTRICT, as follows:

1. That the PETITION FOR ANNEXATION, heretofore filed with this Board on the 15th day of January, 1957, be and the same is hereby declared approved, said Petition for Annexation having been duly presented, signed by at least 25% of the freeholders residing in the territory, therein described to be annexed, and duly verified by Charles P. Vind, one of the petitioners;

2. That the lands within the exterior boundaries of the area proposed for annexation will be benefited by such annexation;

3. That the territory proposed for annexation is situated in County of Nevada, State of California, and the exterior boundaries thereof are more particularly described as follows:

All that territory lying within the following described bounds, outside the bounds of the existing District and contiguous thereto; Commencing at the point of intersection of the north-south center line of Section 14, Township 17 north, Range 16 east MDB&M, with the boundary line common to Placer and Nevada Counties, (being the south quarter corner of said Section 14) running thence northerly along said north-south center line, 7920 feet more or less to the center of Section 11; thence westerly along the east-west center lines common to Sections 11, 10 and 9, 10560 feet more or less to the center of Section 9; thence southerly along the north-south center line common to Section 9 and 16, 7920 feet more or less to the southern quarter corner in said Section 16, (being the point of intersection of said north-south center line with the boundary line common to Placer and Nevada Counties); thence easterly along the southern boundaries of Sections 16, 15 and 14, 10560 feet more or less to the point of beginning, all in Township north, Range 16 east, MDB&M.

4. That pursuant to Section 6847 of the Health and Safety Code, it is hereby ordered that a special election shall be held on the 12th day of March, 1957, for the purpose of determining whether or not the territory hereinabove described shall be annexed to said Truckee Sanitary District;

5. That said special election shall be held and conducted, the votes thereof canvassed, the results thereof ascertained and determined, as herein provided, and in all particulars not so prescribed by this Order, said election shall be held according to the provisions of law governing elections in the District.

6. That the polls at the polling places hereinafter designated shall be open from 1:00 o'clock P.M. of said day of election to 7:00 o'clock P.M. of said day, at which time said polls shall be closed, and the election officers shall thereupon announce the votes, and deliver the ballots to the President or Secretary of said District, and the Board of Directors shall, as soon as practicable, canvass the ballots;

7. That for the conduct of said special election there shall be two election precincts comprising the territories hereinafter designated; that the precinct election Boards shall be comprised of one inspector and two judges each; and that the polling places and election officers on said precinct election Boards which are hereby appointed to conduct said special election are as follows:

Precinct No. 1—Comprising all territory now within the exterior boundaries of the Truckee Sanitary District.
Polling Place—Precinct No. 1—Truckee Justice Court office, Main Street, Truckee, California.

Election Officers—Precinct No. 1:
Inspector: Lucille Bick
Judge: Lenore Vind
Judge: Dolores Curran

Precinct No. 2—Comprising all territory within the area proposed to be annexed.
Polling Place—Precinct No. 2: Curran Distributing Co. Office, Main Street, Truckee, Calif.

Election Officers—Precinct No. 2:
Inspector: Dorothy Rose
Judge: Dorothy Leamon
Judge: Margaret Copeland

8. That the ballots to be used at said special election shall be in substantially the following form:

No.	(This number to be torn off by Inspector)	MARK CROSSES (X) on BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL (ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK OR PENCIL).
		(Fold ballot to this perforated line, leaving top margin exposed.)

OFFICIAL BALLOT
TRUCKEE SANITARY DISTRICT
Nevada County, California
ANNEXATION
SPECIAL ELECTION

....., 1957

INSTRUCTIONS TO VOTERS:
To vote of any proposition, stamp a cross (X) in the voting square after the word "YES" or after the word "NO." All marks, except the cross (X) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void. If you wrongly stamp, tear or deface this ballot, return it to the Inspector of Election and obtain another. On absent voters' ballots mark a cross (X) with pen or pencil.

Proposition No. 1—For annexation to the Truckee Sanitary District

Proposition No. 2—Against annexation to the Truckee Sanitary District

9. Each voter to vote for the proposition hereby submitted shall stamp a cross (X) in the blank space to the right and opposite Proposition No. 1 on the ballot, and to vote against the proposition hereby submitted shall stamp a cross (X) in the blank space to the right and opposite Proposition No. 2.

10. The Clerk of the Board of Directors of Truckee Sanitary District is hereby authorized and directed to give notice of said annexation election by posting copies of this Resolution and Order in three public places within the District and within the territory proposed to be annexed for four successive weeks prior to said election and by publishing the same for a like period of time in a newspaper published in the District.

Passed and adopted this 29th day of January, 1957, by the following votes:

Ayes: Seibold, Mattos and McIver
Noes: None
Absent: Osburn and Curran
R. W. SEIBOLD,
President of Board of Directors
of Truckee Sanitary District

Attest:
JOHN J. McGLADE
Clerk and ex-Officio Secretary thereof.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL
Kindergarten and First Grade:

(Teacher, Elrose Knudsen.) Our Valentines party was held on Thursday morning. Refreshments were prepared by Mrs. Taffy Bisio and Mrs. Critchley, our room mothers. The cookies and punch were served by Mrs. Critchley. Lee Elliott, Madelyn Kammerer, and Janet Mallory distributed the valentines. Shirley Wagner came over to Carpenters Hall and took pic-

tures of our party. A special thank you goes to the Tahoe Twirlers, who left up their beautiful decorations for us to enjoy.

Shari Decker and Sandra Martin brought dress-ups to use for the "play house."

Second and Third Grades: (Teacher, Katherine Wing.) Our class had its annual valentine party Thursday. We distributed the valentines, then we had heart-shaped cookies, fruit punch and candy. Mrs. Margaret Christiansen and Mrs. Barbara Bergman assisted.

Andy Thompkins is recuperating from a tonsilectomy. Chris Althof passed his test in skiing. Now he is in the intermediate class.

The following children drew illustrations for their compositions Wednesday: Deborah Martin, Chris Althof, Cherryll Smith, Kenny Kammerer, and Paula Martin.

Friday, the second grade had a spelling test. The following second graders had perfect papers: Sharen Birch, Gale Graton, Carol Lee Corbin, David Hughes, Wendy Howell, Debbie Martin, Susan Clackett and Kathy Chastain.

Third and Fourth Grades: (Teacher, Dorothy Corbin.) President Estelle Howell presided over our Friday Citizenship Club. The minutes were read by Wendy Boatman, secretary. Carol Franklin read the by-laws and they were approved by the club. Our club project for this semester is to improve our manners. Our first guest was Mrs. Kay Felte. She spoke on manners in the community. Next week we hope to have a guest speaker from the high school speaking on how we can improve our manners while attending school functions.

This week we have a valentine party. Mrs. Thompson and Mrs. Boatman, our room mothers, plan a good time for us.

TAHOE LAKE SCHOOL
Kindergarten and First Grade:

(Teacher, Geraldine Bean.) The kindergarten and first grade put on a party on valentines day. As per usual our mothers backed us up in great style. Our room mother, Mrs. Starratt, brought the cookies. Mrs. Cross supplied the Kool-aid. Dianne McBride decorated the napkins. Ruth Ann Dunn presented the candy hearts, and Carl Bechdolt brought the life-savers.

First and Second Grades: (Teacher, Solveig Beavers.) We had an interesting movie this week about the important days in February. We also illustrated the story of Lincoln, the rail splitter, because we enjoyed the story so much.

In the second grade we have been stressing neatness in forming our numbers. Darlinda Stark, Jimmy Bechdolt, Marty Spitsen, Lynn Harper and Vicki Jones had their papers put up as good examples.

In a speed and accuracy test in numbers this week, Jimmy Bechdolt was first, Derlinda Stark, second, and Marty Spitsen, third.

Third and Fourth Grades: (Teacher, Lillian Farr.) After reading the early life and the political adventures of Abraham Lincoln both the third and fourth grades made individual reports on the areas of Lincoln's life thought to be the most interesting. Outstanding events of his lifetime were covered in Don Bury's report. Dick Nielsen covered the period of the beginning of the Civil War. Other reports of quality were made by Greg Moore, Joyce Anderson and Cathy Connors who also showed initiative in finding their own material.

Fifth and Sixth Grades: (Teacher, Helen Rauscher.) The following students received an outstanding grade in a recent science test: Mike Marvin, Howard Cincotta, Sandra Riggs, Kim Turner, Don Bradley, Danny Connors, Elaine Bramlett and Sandy Fellows.

On Friday a Valentine's dance was held and all the students exchanged valentines.

TRUCKEE ELEMENTARY
Kindergarten: (Teacher, Dee Osborn.) Sandra Ferdinand and Donald Schuler received a warm welcome last Monday morning. They had been absent several weeks.

St. Valentine lived again in our dramatization of the week. Mr. Valentine was played by Brian

THEME GIRL FOR SPORTS SHOW

SELECTED BY SPORTSMEN in San Francisco's Chinatown, Jessie Leong is one of theme girls who will welcome visitors to San Francisco's National Sports and Boat Show at Cow Palace, March 1 through 10.

Smart. The jealous king was Tommy Hill. Jonathan McLane was the carrier pigeon. Steven Kenyon, Curtis Melugin, Craig Swauger and Jack Mitchell were the friends who aided Valentine while he was in prison.

The hostesses for our nice Valentine party were Mrs. Carroll Maynard and Mrs. E. A. DeLisle.

First Grade: (Teacher, Helen Camp.) We had a very nice Valentine party and thank Mrs. Wilbur Glenn, Mrs. Gilbert Kumble, Mrs. Hes Cardinal and Mrs. Donald Schuler for the treats.

Those receiving red stars for good arithmetic papers this week are Victor Rice, Judy Ingalls, Philip Ridsen, Jennifer O'Beare, Henry Frates, Gary Albin, Bill Rose, David Higgins and Bill Cardinal.

First Grade: (Teacher, Ruth Croxson.) We had a wonderful Valentine party on Thursday due to the efforts of Mrs. Bretthauer, Mrs. Kydd, Mrs. Horman, Mrs. Neugebauer, Mrs. Ayala and Mrs. Russell.

Our unit on pets has come to a conclusion with the arrival of a parakeet donated by Karin Meixner and turtle was brought by Jerry Neugebauer.

Second Grade: (Teacher, Helen Trask.) We wish to thank Mrs. Englehart, Mrs. Hedlund, Mrs. Glenn, and Mrs. Kenyon for our very enjoyable Valentine party.

Third Grade: (Teacher, Arlene Roth.) A large outline map of the world has been made for our class by a committee composed of Doug Nelson, Larry Digesti, Monty Straub and John Besio.

We're disappointed that Raymond Mathes is moving away from Truckee and will be leaving our class.

Many of our mothers helped make our Valentine party the best ever. Room mother, Mrs. Clyde Strickler, was on hand to serve. Mrs. William Stevens served also.

Fourth Grade: (Teacher, John Stever.) The fourth graders celebrated the week by electing class officers, Eric Tornstrand, Skippy Petersen and Judy McGwinn.

On Valentine's day we enjoyed a surprise party given by the parents of the class members. Ray Deghi presented the class with a very attractive Valentine box.

In an elimination contest Marcia Leamon and Judy McGwinn tied for first place in spelling.

The routine assignment of handing out lunch cards was the responsibility of David Fordham, Judy McGwinn and Martha Hill.

Fifth Grade: (Teacher, Olia Tif-

LAWMAKERS PAID BIG EXPENSE FUND

Four state lawmakers were paid more than \$20,000 salary and expense money for their work in the legislature during 1955 and 1956. No senator or assemblyman in office for the full two years drew less than \$14,000.

State controller's office records

fee.) Mr. Kishbaugh visited our room during social studies Thursday. After the culmination of the study of the Middle Atlantic States, Mr. Kishbaugh gave a most interesting talk on the new highway system in the eastern section of the country.

Other visitors this week were Mrs. William Sciutto, Mrs. Wesley Fair and Mrs. Clyde Strickler.

A vote of thanks goes to Mrs. Bruce Quarty and Mrs. Karl Kielhofer for a delightful Valentine party, combined with a birthday party for those students having birthdays in January, February and March. Those so honored were: Liane Kay, Evelyn Hintz, Zeke Brown, Robbie Kaspien, Ronald Brown, Bruce Strickler and Kenneth Stumbaugh.

Those making a perfect score in spelling last week were Dick Ingalls, James Hamilton, Ronald Brown, Susanna Sciutto, Leilani Braasch, Bonnie Fair, Dianne Cardinal, Karey Kielhofer, Evelyn Hintz, Robert Kaspien, Ellen Lyons, Steve Besio, Bobby Frates, Maureen Reese, Richard Sorani and Judy Mitchell.

Sixth Grade: (Teacher, Ruth Roberson.) The sixth grade has started its map projects and special reports.

April Lander and Ellen Patnoude have completed the outline map of which they will show the rainfall of South America. Danny Worsham and Kenneth Lloyd are starting theirs to show the countries and main cities. Shirley Patton and Mary Ann Miller are making a profile cross section of South America to show elevations.

CANTATA WILL BE OFFERED BY CHURCH

KINGS BEACH—Rehearsals started this week on the cantata, "The Atonement," by Sydney H. C. Peters, which will be presented during Holy Week by the augmented choir of the Community Methodist Church of Kings Beach. The cantata, which was well received in its initial western performances last year, covers the Biblical events from Maundy Thursday of the Ascension in beautiful solos, duets, and choruses.

Any person interested in joining the choir for the cantata is especially urged to attend either the special cantata rehearsals, to be held Wednesdays at 7:30 p.m. or the regular choir rehearsals Friday evenings at the same time. Rev. Earl Langguth is directing the work, with Mary Lu Langguth at the organ.

Qualifications for singing in this cantata are simply an enjoyment of good music and the desire to sing, Mr. Langguth said.

DOCTOR SUPPORT PLACER OFFICIAL

AUBURN—Dr. Ruth Moldenhauer, Placer County health officer who is slated for discharge March 11, has received the support of the Placer-Nevada-Sierra Tri-County Medical Society in her fight to retain the job.

The society ordered a letter stating its position and recommending that Dr. Moldenhauer be at least temporarily retained be sent to the Placer supervisors, who ordered that the health officer's services terminate March 11 after she had refused to resign as of that date.

Society officials said they believe Dr. Moldenhauer's dismissal was caused by political pressure applied by Lake Tahoe property owners objecting to enforcement of health regulations in the area by the health officer.

Magazines, Books Asked For Veterans' Hospital

CRYSTAL BAY—Members of the Ladies' Auxiliary of the VFW at Lake Tahoe have been asked to bring magazines and pocketbooks to the social meeting scheduled for February 27 at Crystal Bay Club.

The collection of magazines and books will be taken to the Veterans Hospital at Reno.

Those wishing to contribute books may leave them at Hales Drug Store in Crystal Bay where a box will be set up from February 22 to 28. The items will be sorted and current issues will go to the Tahoe Forest Hospital in keeping with the projects undertaken by the VA and the local hospital chairman.

showed Assemblyman Francis C. Lindsay received the highest amount, \$22,617, including salary and per diem expenses.

Others above \$20,000 were Assemblyman Lloyd Lowery, \$20,762; Senator Randal Collier, \$20,673; and Senator Edwin J. Regan, \$20,086.

Odegard Is Winner In Nordic Ski Meet At Cisco

SOODA SPRINGS—Sig Odegard of Los Angeles Sunday won the combined Nordic ski meet sponsored by the Auburn Ski Club at Tunnel Mountain.

Odegard had 300 points in class A competition thanks to his winning time of 58 minutes and 41 seconds in the eight mile cross-country race.

Bob Hermal of Auburn placed second in the cross-country with a time of 74:39.

Byron Samuelson, also of the Peer Gynt Ski Club in Los Angeles, took first honors in the class B cross-country.

Samuelson piled up 300 over all points thanks to his first place in the jumping events where he garnered 129.5 points.

SALE OF BILTMORE DELAYED IN ACTION

RENO—The proposed sale of the Tahoe-Biltmore Hotel at Crystal Bay, Lake Tahoe, to satisfy a \$253,000 trust deed was postponed after owners of the resort obtained a restraining order and filed bankruptcy proceedings.

Realtor Joseph Greenbach, of San Mateo, elected last January to sell the hotel to satisfy trust deeds he has held for the last several years.

Judge John Mowbray, bankruptcy referee from Las Vegas, heard arguments and took the case under advisement. He indicated he would announce his decision within 30 days.

The Tahoe-Biltmore was represented during the hearing by Attorney George Marshall, Greenbach by Attorney Sidney Robinson, creditors holding claims against the hotel by Attorney Leslie Gray, and the Cal-Neva Lodge by Attorney Ralph Wittenberg.

The temporary restraining order was granted to allow creditors to present claims against the hotel before the trust deed is foreclosed.

TAHOE CHAMBER TO EXHIBIT AT SHOW

HOMEWOOD—Don Huff, owner of Homewood Resort, who winters at his ranch in Woodland, was up during the weekend to attend a meeting of the Lake Tahoe Sierra Chamber of Commerce at South Tahoe. Huff reported the chamber will sponsor a booth at the San Francisco National Sports and Boat Show March 1 to 10.

It was also voted, Huff said, to again this year sponsor the Mile High Gold Cup regatta at Lake Tahoe.

Huff reported his Homewood Resort, open all winter for the first time, is doing a surprising business and predicts that this winter patronage will continue to develop as time passes and more people learn of the advantages of winter vacations in the snowland.

Kings Beach friends of Mr. and Mrs. Julius Gold have learned that they have returned to Santa Barbara after an extended stay in Hawaii.

WHAT'S DOING

George Selkirk, Telephone Manager, Truckee-Tahoe

A.T.&T. AMONG BEST MANAGED

The ten best managed companies of 1956, based on their comparative ratings of the American Institution, were announced recently at the Institute's Annual Best Council Conference held in New York City.

The ten companies which topped the 1956 list of 410 excellently managed companies were: American Telephone and Telegraph Company; First National Bank of New York; General Electric; General Motors Corp.; Minnesota Mining and Manufacturing Co.; National Cash Register Co.; Procter & Gamble Co.; Scott Paper Co.; and Standard Oil of California.

We are pleased with the selection of A.T.&T. in this listing but will endeavor to add to this honor by extending every effort to be of more service to our customers.

GEORGE SELKIRK, Manager

If a machine answers, don't be surprised—and don't hang up. What you hear is an Automatic Answering Set. It could happen when you call a business man at lunch time. Or a doctor after office hours. These remarkable machines give callers a recorded greeting, take a recorded message. They're being used more and more in offices these days. And in homes, too. By guarding against "lost" calls, they make your telephone service more useful than ever...worth more to you.

One of the most useful ways to use your telephone is for shopping. Especially when you're guided by the Yellow Pages of your telephone book. At a loss for gift or decorating ideas? Try browsing through the Yellow Pages. See if you don't come up with an answer. Have a definite service or item in mind? Page headings—in easy alphabetical order—will lead you right to it. Remember, whatever you need, you'll find it fast in the Yellow Pages.

By JUDGE HARRY CHARRISON

Tahoe Lions

The ladies' night of the Lake Tahoe Lions Club was a huge success last Tuesday, when a large number attended. Dr. Merton and Mrs. Root were visitors from the San Jose Club. Rev. Earl Langguth, a member of the club, was the entertainment chairman and sang several numbers with Mary Lou, his wife, accompanying him. Marshall Gordon gave a very interesting interpretation of the Lions code of ethics and Mary Skaggs gave a graphic account of the trip that Wally and she made. Some few states were covered and lots of humor was injected into the account. Red Waddell conducted in the absence of the club president, Dave Ashton.

Change Over

Glad to know that Jack and Mrs. Brandt have purchased the property that Walt Bailey has been in so many years. We are sure going to miss the garage in that spot. All we can say is good luck to both the Baileys and the Brandts in the change over. We miss, too, Charlie and Rena Matthews who owned the Rustic Court next door to that property. Quite some changes in that neighborhood. I wonder if the Matthews are still in Santa Barbara? I hope they still get the Sierra Sun.

Boat Show Land and Water

The Lake Tahoe Sierra Chamber of Commerce met during the past week and according to Red Waddell, one of the directors, and it was decided to have a booth at the boat show at the Cow Palace in San Francisco to be held March 1 to 10. Phillip Murphy will have the Breathless hydro plane on deck for the show. It was also decided to hold the Gold Cup boat races here in July. These are two wonderful things to look forward to. Fred Schultz is the president of the chamber.

Student Speakers

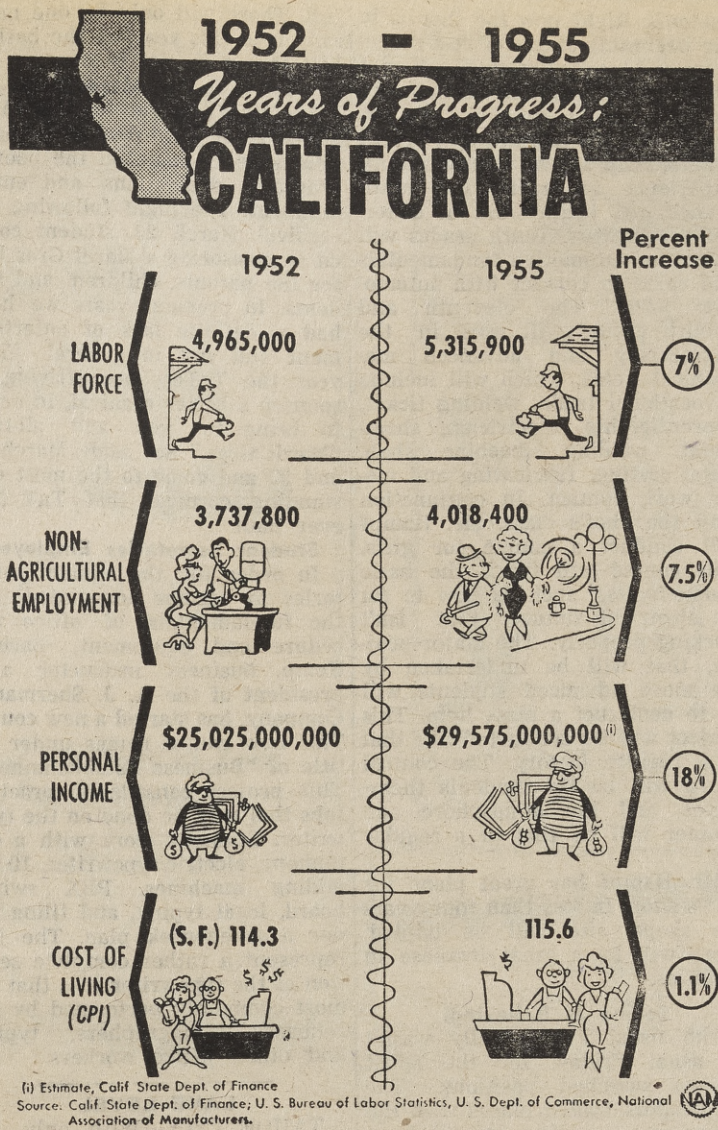

Arrangements are being formulated to hold the student speakers contest at the Lions Club meeting at the Crystal Bay Club on March 5. That's only a couple of weeks away, so keep the date in your mind. There will be more news of this later.

Anniversary

Joe and Enola De Gregorio of Tahoe Vista, celebrated their 16th wedding anniversary on the 11th of February. Joe and Enola celebrated at a dinner at the Crystal Bay Club and then on to Reno, taking Martha to make the evening complete. We wish you many more anniversaries and happy ones, too.

Tahoe Biltmore

I had the pleasure of meeting a new partner in the Biltmore Hotel last Friday night, and it so happens that he is a former district judge of Las Vegas. He is George E. Marshall, and after quite a talk, find that he is very much enthused over the prospect of making some elaborate changes in the building. Talking of the Biltmore, George Mason, one of the boys has had quite a touch of the flu, but I

understand he is doing fine. I also met Catharine Hopple of the Biltmore, a very charming young lady. Joe Ladue and Robert Lockey were also visitors there from Las Vegas.

North Tahoe Women's Club

Well, it's here again. The annual hat party will be held on February 25 at the Tahoe Biltmore Hotel. The theme is famous firsts following the pattern of the Rose parade last January. Cocktail hour at 7 p.m. and dinner at 8 p.m. All of you are especially invited. You can make reservations by calling Liberty 6-2497 by Friday 22nd. Peg Mandeville, one of the enthusiasts and prize winners of the past, will come especially for the party. Mary Lou Waddell tells me that her daughter, Diana, will be up from Sacramento where she attends business college.

Old Timer Resident Passes

William R. (Bill) Grant, one of our old-time residents, passed away in Reno last Thursday morning. Bill was well known here, having been in the area for many years, and was well respected by all that knew him. He was a carpenter by trade and a home-owner in Kings Beach. Irene, his wife is of a quiet nature and our sympathies go out to her in this time of bereavement, funeral services were held in the Ross-Burke Mortuary in Reno Saturday and cremation followed. A number of his friends and members of the Carpen-

ters Local attended.

Biltmore Again

I failed to say that George A. Marshall of the Biltmore is to be the new president of the corporation and is also attorney for the boys, according to Dave Crow, one of the owners. Good luck to them all. Go see them won't you?

Back Home

Just saw Gene Faulkner who arrived back at Tahoe after a pretty rough plane trip back from Minneapolis, where he attended the funeral of his young son, who was accidentally killed, while riding a bicycle. Gene also has a daughter, nine years old.

Sunday Report 33 Percent

Eighty-three a.m. and quite cloudy. Looks kinda like rain. We have had no snow for the past 10 days, but a little rain nearly every day. Snow is fast disappearing and the roads are excellent everywhere except the Shortcut, and there you can get a free mud bath any day, but it doesn't make you any more beautiful. All the resorts in the area are hoping for snow before the next big weekend when, if the weather is favorable, there should be upwards of 1000 people in Kings Beach and Crystal Bay.

U. S. Marines

Another one of our local boys has joined the forces of Uncle Sam. Jack Van Hooser, son of Mr. and Mrs. J. W. Van Hooser of Kings Beach, his mother tells me, has joined the United States Marines and will be leaving at the beginning of March. Jack is another young man of whom the community may be proud. He attended the Tahoe-Truckee high and was prominent on the basketball team. We wish him luck in his new venture.

Coming Along

Charlie Cagle tells us that his wife, Wanita, is staying with her good friend, Mrs. Pearl Koltes, who is living in Sacramento. It is doubtful now that Wanita will have to undergo an operation at this time. Young Richard Cagle is now at home with his dad after a seige in the hospital and is feeling a whole lot better. Charlie himself is making plans to build another

cabin on his property.

Visiting And Dining

Saw the Braasch family of the City of Truckee over at Crystal Bay last Sunday night. It was a real pleasant surprise to see them and the two sweet girls have sure grown into young ladies.

The Wiltsee Memorial Collection of Western Stamps, Franks and Postmarks, of more than 1300 covers, is on exhibit at the Wells Fargo History Room in San Francisco.

Old Christmas Cards

Provided To Hospitals

KINGS BEACH—Barbara Bergman, chairman of the youth activities committee of the Ladies' Auxiliary of the VFW announced that old Christmas cards, donated by the members were mailed Monday to worthy institutions. Some went to the Crippled Children's Hospital at San Francisco, others to the school for the mentally retarded

Grade Crossing Deaths

Show Drop In State

SAN FRANCISCO—Deaths at grade crossings in California dropped 24.2 percent in 1956 as compared with 1955, based on preliminary statistics, the California children at Palo Alto and still others to Korean orphans. The cards are used for therapy work and for the amusement of the recipients.

Public Utilities Commission reported today.

There were 135 fatalities in railroad-highway crossings in 1956 compared to 178 the previous year. The decrease in fatalities at grade crossings contrasts with the record total of highway deaths in motor vehicle accidents during 1956, which soared to a new high for California of 3804. Traffic injuries also set a new record in 1956 of 130,982.

GOOD PLANNING!

It's a wonderful feeling to know you have something to fall back on in case of an emergency. And if it's a financial emergency, what could be a better "buffer" than a savings account at our bank! When you save at Bank of America, you now get 3 per cent interest *plus* extra safety, convenience and availability for your money. In addition, you build up a valuable statewide *credit standing* when you save at B of A. So why not open your savings account at our bank soon? Remember—you'll feel better with that "buffer" in our bank!

RIDDLE:

What can you buy for only \$1.50 that will pay ten of your bills?

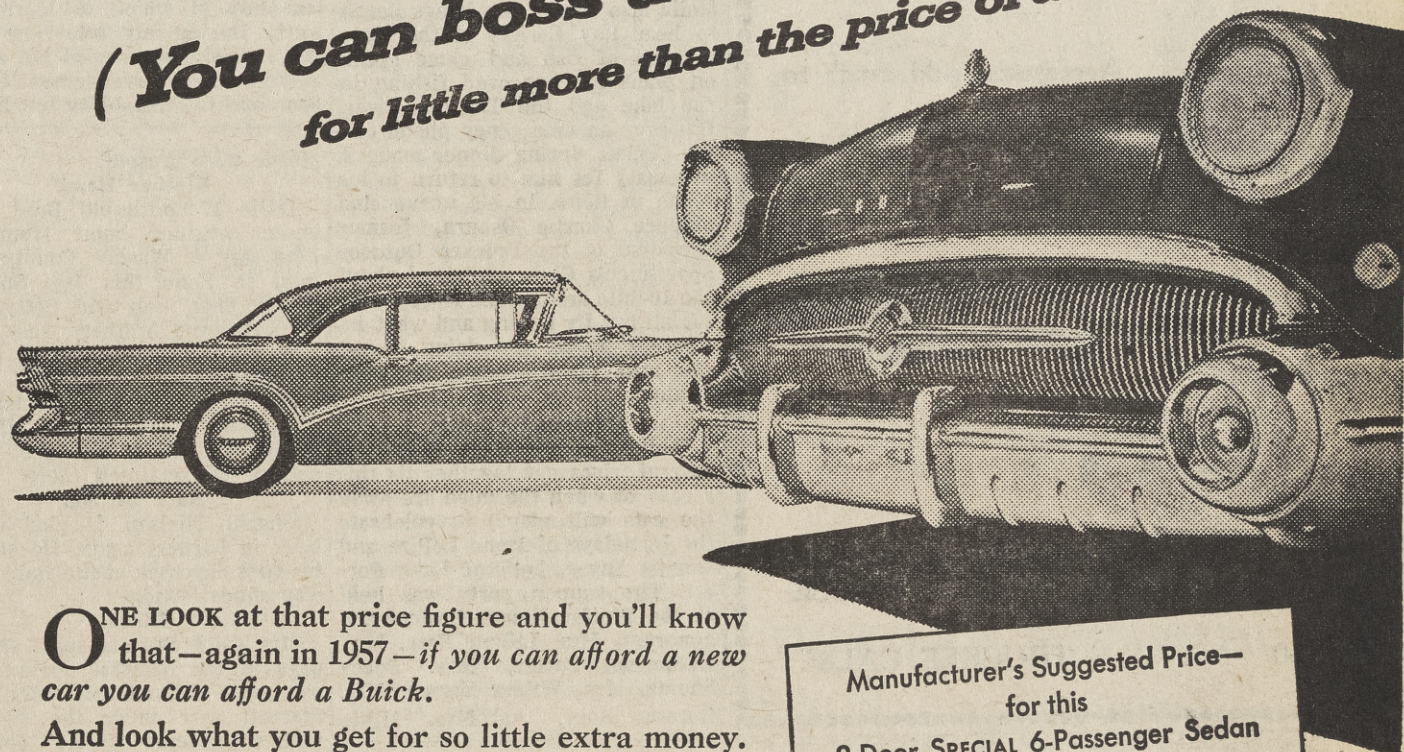

SOLUTION: A Bank of America Tenplan checking account! With this special checking account, you can buy a book of ten checks for \$1.50—and you don't have to keep your balance above any set minimum amount.

It's ideal for you if you write only a few checks each month. Of course, a regular checking account is more practical if you write many checks. But no matter which type Bank of America checking account you have—Tenplan or regular—you'll find it saves you time, saves you money and helps you manage your financial affairs more easily and efficiently. How about opening one soon?

B of A Quiz Corner

DID YOU KNOW THAT our bank offers you a total of more than 50 different banking services—many of them *unique* with Bank of America? Whatever your banking needs—large or small, business or personal—you will find us ready to meet them with the prompt, friendly service Californians always expect at Bank of America.

Come try the BIG BUY
(You can boss this Buick Special for little more than the price of a smaller car!)

ONE LOOK at that price figure and you'll know that—again in 1957—if you can afford a new car you can afford a Buick.

And look what you get for so little extra money. You get the most completely new Buick in years. Not just brand new in styling and brand new in body design. But new in features that make this the dream car of the year to drive.

You get brand-new performance because the engine is literally new from the crankshaft up.

You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflo.*

And to give you the new sure-footed safety of a lower center of gravity—we built a brand-new frame—which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '57 Buick—waiting for you to try them. Do that soon—at your Buick dealer's.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Manufacturer's Suggested Price—for this

2-Door SPECIAL 6-Passenger Sedan

\$2595⁸³

(including Delivery and Handling Charges and Federal Excise Taxes) Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Come in!

One look is worth a thousand pictures—one ride is worth ten thousand words.

IT'S THE DREAM CAR TO DRIVE THE BIGGEST VALUE TO BUY

NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

'Temporary' Spring

Middle of the winter and it's spring. Who can complain? George Mead of Harry's Liquor Store, said I might quote him on the obvious, so I do: "Spring is here—temporarily." And for the moment we can forget the "temporarily" as witness all the wide open doors on Main street. Mrs. Dunn sunning the baby on the bright steps of Tahoe's Store. Jay's Drug Store and the inn practically free of snow, everyone stretching out toward the promise of lazy warmth.

New P.O.

Please notice our new P.O. number above. Postmaster Oliver Corona handed it to my husband with the comment that perhaps it might "change our luck." We are not worried about numbers doing anything about luck but we do wish "711" could rain down blessings on all the kind and wonderful people we have found we know.

To Red Bluff

Mr. and Mrs. Jay Shontz with their children, Jayne and Bro, and their niece, Danella Pomin, went to Red Bluff over the weekend on business. They stayed in Chico one night and swung down to Sacra-

mento before returning.

To Return

Mr. and Mrs. Cliff Anderson of Tahoma made a trip to Modesto last week where they saw the Bob Wray. Wray has another session to undergo at Stanford University Hospital in San Francisco after which they wend their way home.

Care For Dogs

Mr. Jack Lynch of Tahoma took care of the McLane dogs while they were away and while they have been getting settled since their fire. He obviously gave deluxe service. They, and we, are grateful.

New Office

I briefly noted the new postoffice at Tahoma some time ago but had not then seen the interior. Surely there is not a more beautiful one anywhere on the lake shore. The whole interior is paneled in Philippine mahogany, soft indirect lighting is installed in the ceiling, and the open, corner-counter plan gives a lovely lake view for both patrons and employees.

School Plans

Residents of the Tahoe Lake School area should be interested in the plans now under discussion by the school board for two new wings on the Tahoe City School comprising an estimated cost of over \$300,000. These plans show two separate wings one consisting mainly of classrooms, the other of a multi-purpose room, and new kitchen and storage areas. This Tahoe City portion of the contem-

students. Right now the shop is in the beginning stages of re-arrangement and reorganization. Mr. Hampf has set up a program, which varies as to the grade levels of shop students. For the seventh and eighth grades, shop will be an exploratory experience in crafts. The ninth grades will begin work at different occupations. Tenth grades will learn the automotive fundamentals and come in contact with automotive parts. The eleventh and twelfth grades will work in the engineering and advanced mechanical fields, which will include a vocational trade, welding ticket, apprenticeship, electrician, sheet-metal, welding, machine shop, metal casting, fabricating and motor work contact. In conjunction with the chef's class, Mr. Hampf will conduct a course for girls. This course will teach the basic "home-fix-its," such as how to fix an electrical fixture that isn't working properly. The major project, that will be undertaken by the more advanced students will be to construct a mass item. This project will be conducted like that of a regular factory. The control board will be the students themselves, and the atmosphere and manner will be that of a regular job.

Mr. Hampf has great plans for TnT's shop. In less than four years the shops' size will be tripled, there will be a great increase in facilities.

Seeing Is Believing!

The usual Friday rally wasn't so usual Friday, for the spirit leaders switched positions. The songleaders traded places with the cheerleaders, outfits and all. Captain Marvel, which was Judy O'Neill in disguise, even appeared during the rally to lead a few yells. Bob Trask, Kenny Osburn, Floyd Cooper, and L. J. Robinson were called from the bleachers by Captain Marvel to give the Wolverettes a

yell. There will only be one more rally held this year, as the basketball season is nearly over.

Come To The Mardi Gras!

The 1957 carnival is going to be March 22. A great deal of preparation is being made on the booths, programs, decorations, and entertainment. The night following the carnival, March 23, student council is sponsoring a Mardi Gras ball for the parents, children, and students. In previous years we have had a definite lack of entertainment and fun in general. This year the TnTers are striving to sponsor a better carnival, in order to bring to you and all-time "Mardi Gras." Set aside March 22 and 23 and come to the most outstanding carnival that TnT has ever had!

Student Secretaries Employed

In order for the student secretaries to become acquainted with the fundamentals of office procedure and equipment, Barbara Kemp, business instructor and president of the A. J. Sherman & Company, has started a new course. This new course comes under the title of "Business Establishments." This project consists of practical jobs that may be done on the typewriter. Students work with a dictaphone, electric typewriter, 10 key adding machines, PBX switchboard, legal typing, and filing under a seven-week plan. The jobs represent a rather complete selection of the typewriter jobs that are most commonly performed by secretaries, stenographers, typists, and other office workers.

LAKE LEVEL

TAHOE CITY—With only 125 cfs of water leaving the gate, the level of Lake Tahoe Monday stood at 6227.77 feet. There were 19 inches of snow on the ground. Temperatures ranged from 26 Monday to 44 on Sunday. Precipitation during the past week, all in light rain, measured .13 of an inch.

The Study Of Life

"The Study of Life" is the purpose definition for the biology course, given by Donald Trask, professor of biology at TnT. The study of life is taught in the simplest forms of each category, to teach the students what the basic life processes are. The classes' major projects are: the study of the human body, and their spring project, to trace their own families' genetics with PTC papers. This course is conducted by research in text books, class discussion, dissection and field trips. The biology students show great interest in this course and perhaps a few of them will continue to nourish their interests in college.

TnT's Future Shop

Night and day the shop lights have been lit and inside, Mr. Hampf, shop teacher, has been constantly working to make a better shop in which to learn and work. During my interview with Mr. Hampf, he stressed his apologies for the disarrangement of the shop and the instability felt by the

Meade were present.

Brother Home

Little 17-month-old Brad Jorgensen returned home from his long stay at Washoe County Hospital in Reno this last Sunday. His parents, Bob and Betty, and his sister and brothers were most happy to have the family circle complete again. Brad will have much surgery to be done but his condition is so fine that it was thought best to let him be at home and get reacquainted there.

Back On Job

Charlie Nielsen is glad to be back in harness again. He started his first day back at the state highway shops Monday.

Illness

Mrs. Chris Burmer spent several days in the hospital during the week but is home now. Mrs. Jack Starratt was under the weather with a bad case of "flu" for too long a time. Mrs. W. C. Vernon is much better, she reports.

On Leave

Airman First Class Florence B. Vernon visited her parents for a three-day leave. She brought with her a friend, Marilyn Ruehonen from Novato, whose husband is stationed for the while in Iceland.

Make Change

I have noticed that the telephone company is already knocking a hole in the wall of the recently completed dial building. Checking to find out if this was part of a project to make the north end of the building more pleasing to Jimmy Martin's eyes, I found out. No, they are not thinking of Jimmy's esthetic problems. Snow off the roof fell on the entry in the original building so a change is being made. Too bad!

Speed... WHAT IS IT?

Speeding is driving faster than you ought to—for the condition of the roads, your car, and the weather. Nobody ever needs that kind of speed. Nobody ever ought to speed that way. In a word, don't!

Be Careful... the life you save may be your own!

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia

A REDCAP AT THE UNION BUS STATION IN TULSA, OKLA., RECEIVED A CAR AS A TIP. HE CHECKED WITH POLICE AND FOUND IT WAS A BONA FIDE GIFT.

Wreckers demolishing a subway-surface platform in Philadelphia found money by the handful, often more than \$25 a day. The lost fares went into a pot and were split among the employees.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS)—One of the minor rackets which has grown up with the increase in automobile traffic may be thwarted somewhat by an opinion handed down by Attorney General Edmund G. Brown recently.

This opinion relates to the custody of automobiles whose drivers have fallen afoul of the law in connection with violations of the motor vehicle code.

"An arresting officer," ruled the attorney general, "has no responsibility for the safe-keeping of an automobile whose driver has been arrested for a vehicle code violation."

The request for the opinion came from the California Highway Patrol, which is confronted with the problem often in enforcing the vehicle code upon the highways of the state.

The racket part of the operation has been for a garage to be called when an arrest was made, which would tow the car away for storage. Then when the offending citizen was released from the custody of the law, he would be told where he could find his automobile, and be faced with a towage and storage fee on top of any fine he had to pay.

Although the opinion does not affect stolen cars, it was customary in some cities in the past for the police to recover a car, send it to a garage, and then conveniently forget to tell the owner about the recovery for several days, thus permitting a big storage bill to pile up. The legislature could well look into this situation, and make some provision in the law for immediate notification.

Under the attorney general's ruling, of course, the law has plenty of leeway still to order cars towed into a garage when they could just as well be left in a parking space until claimed by the owner.

It would be easy, perhaps, for an officer arresting a drunk driver to use the "incapacitated" phrase, and call a friendly towing service, instead of running the driver's automobile into a parking spot where it could be locked up and picked up the next morning. The drunk driver will be fined enough anyhow, or maybe not enough, without having to face a big garage bill in addition to his fine.

Truckee Group of Christian Scientists announce

Another Telephone TV Spectacular Is Planned

"Hemo the Magnificent," second program in the new Bell System Science Series, will be telecast in color and black and white over the CBS Network from 9 to 10 p.m. on Wednesday, March 20.

"Hemo the Magnificent" presents the story of blood and its circulation. It was produced by Academy Award Winner Frank Capra, who also produced "Our Mr. Sun," the first program in the Science Series, which dealt with what science knows about the sun. "Our Mr. Sun" was telecast on November 19.

Like the earlier program, "Hemo the Magnificent" uses actor, animated cartoons, and filmed scenes for the presentation of its scientific information.

The Bell System series has been designed to promote a broader knowledge and understanding of science and the work of scientists in many fields.

3,804 PEOPLE KILLED DURING LAST YEAR IN AUTO ACCIDENTS

SACRAMENTO (CNS) — The California Highway Patrol today announced final figures for traffic death and injuries on the highways during 1956.

The state lost a total of 3804 persons by death, and 130,982 were injured, the patrol said.

"The traffic death toll for all of 1956 was 140 percent higher than the previous record high for one year in this state, while the injury toll is 10,800 higher than the previous record high for one year," said B. R. Caldwell, patrol commissioner.

Excessive speed, right-of-way violations, and driving while under the influence of liquor again led the list of contributing factors in these accidents. Driving on the wrong side of the road, disregard for traffic signs and signals and slow driving in the passing lane also placed high among the accident causing factors.

It is evident from the 1956 figures, said Caldwell, that drivers

Obviously, a drunk driver shouldn't be allowed to drive, and should be classed as "incapacitated," but for the officer to call the friendly garage on top of the arrest appears to be stretching it rather far.

In some cities, only one garage was designated as the place for an officer to call when he wanted a car towed off the street, which would indicate a lucrative concession.

While the opinion doesn't cut out the racket completely, at least, it cuts it down somewhat.

This man can give you dependable delivery of

Attorneys for Plaintiffs

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA
SUMMONS
No. 11427
ROBERT A. BARBER and MAXINE T. BARBER, Plaintiffs,
vs.
SARAH M. RICHARDSON, GEORGE RICHARDSON, RAYMOND R. RICHARDSON, WILLIAM J. CAMPBELL, and "also all other persons, unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto," Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the Complaint filed in the office of the County Clerk of said county.

BERLINER & WETHERALL, Nevada City, California, attorneys for Plaintiffs.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

SARAH M. RICHARDSON, GEORGE RICHARDSON, RAYMOND R. RICHARDSON, WILLIAM J. CAMPBELL, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto," defendants.

YOU ARE HEREBY DIRECTED TO APPEAR AND ANSWER the Complaint on an action entitled as above, brought against you in the Superior Court of the said County of Nevada, State of California, within ten (10) days after service on you of this summons, if served on you within said county; or within thirty (30) days, if served elsewhere.

This action is brought to determine the adverse claims to and clouds upon the title to the real property described in the Complaint herein and hereinafter described by the said Plaintiffs, who claim that by themselves, or by themselves and their predecessors in interest, they have been in the actual, exclusive and adverse possession of such property continuously for twenty (20) years prior to the filing of the said Complaint, claiming to own the same in fee against the whole world, and to have paid all taxes of every kind levied or assessed against the said property during the period of five (5) years continuously next preceding the filing of the said Complaint, and which said real property is situated in the said County of Nevada, State of California, and described as follows, to-wit:

Lots One (1), Two (2), and Three (3), in Block "H" of the Town of Truckee filed in the lots and block are designated upon the official map of the Town of Truckee filed in the office of the County Recorder of the said County of Nevada, July 15, 1890.

AND YOU ARE HEREBY NOTIFIED that, unless you appear and

answer as above required, the said Plaintiffs will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the

County of Nevada, State of California, this 9th day of January, 1957.

JOHN T. TRAUNER, County Clerk.

Only One Agency Will Collect For Veterans

In order to prevent a situation which has caused inconvenience and unpleasantness in the past, Grass Valley Chapter 122, Disabled American Veterans announces that it is the one and only agency authorized to sell forget-me-nots in the California part of the Truckee area, and only once a year. "Forget-me-nots are sold to raise funds for rehabilitation of our disabled veterans. The annual sale takes place in November; no other time and no other agency is authorized." Eugene Chester, DAV commander, said.

"If unauthorized persons attempt to sell forget-me-nots in the California part of the Truckee area, please notify the constable, or other local law enforcing agencies. Repetitions, at least quarterly, of this notice are requested," Chester declared.

PATRONIZE LOCAL STORES

Thomas Here Monday

Truckee is prepared to give a warm welcome to an old friend, Lowell Thomas, international lecturer and radio broadcaster, who is due here Monday to start a series of broadcasts from the S. P. Depot while enjoying the winter sports nearby. Earl Stice, agent for the S.P. here, said he has received confirmation of the previous announcement of the local visit of Thomas.

AIMS OF NEW LAKE TAHOE GROUP TOLD AT MEET OF CLUBS

CRYSTAL BAY — Further explanation of what the new Nevada California Lake Tahoe Association proposes to do in the Lake Tahoe area was offered by the association head, retired Nevada editor and publisher, Joseph F. McDonald, addressing a joint meeting of all Tahoe area service clubs last night. The Brockway Club was host.

"The association," he said, "does not intend to get involved in your local affairs except such surveys, studies or organizational drives as you, the people most affected, decide to attempt."

Continuing, he said the association is not prepared to come into the area with a program, but rather to foster and encourage efforts on the part of the residents aimed toward integrating this widespread group of communities into one greater community which is capable of looking after the interests of the lake area.

"Until now you have had a multiplicity of interests and agencies, many times at cross purposes," he said. "In the near future you will have to work together if you are to realize the orderly development of the great recreation area which you all desire and it is with this goal in mind that we offer you our help."

McDonald described the Lake Tahoe Association as non-profit corporation of the State of Nevada which was organized for the sole purpose of receiving grants of money from the Fleischman Foundation and encouraging its use for the betterment of the entire Lake Tahoe area. This was a wish of the late Max Fleischman.

Non-profit foundations such as this are prohibited by law from controlling the expenditure of the money. Once grants are made the foundation has no control over their expenditure except to the extent that the directors of the Lake Tahoe Association share the aims of the foundation.

In describing what the association would and would not encourage, McDonald said emphatically that problems of interstate water rights and questions relating to the 1960 Winter Olympic games for example would not fall within the province of the association, but boating regulations, fire control, traffic problems and fish and game matters are problems which can best be dealt with through some sort of authority or commission embracing the five countries and the two states.

As a first step it was suggested that the association would encourage factual studies of the area. If these studies require the services of professional engineering firms, McDonald predicted, the association would probably want to provide substantial grants.

WOLVERINES

Continued From Page 1

the scoring for TNT with the 11 markers followed by Rickert and Wilson with nine each.

Saturday night saw the Wolverines drop the second game of the season to the Douglas Tigers in a foul-marred game with 22 miscues begin called against Truckee and 16 against the Tigers. The Wolverines were unable to buy a basket as they managed to connect on only 11 shots from the field while the Tigers hit for 17 buckets and 11 points from the free throw line to top the Wolverines 55 to 37. High for the Wolverines was Vaughan with 11 points and Cooper with 10.

In the Jayvee games, once again the Wolverines dropped to the Buckaroo Juniors in the last few seconds, when with only 12 seconds to go and trailing 39-40, the Buckaroos stole the ball from L. J. Robinson and drove down for what turned out to be the winning basket as the game ended 43-40, Winnemucca.

Saturday night the Wolverine Cubs topped the Douglas Jayvee 62-42 with all hands seeing action for TNT, led by L. J. Robinson with 26 points and followed by Osburn with 11 and Trainor with 10. This game was also foul-studded as their were 23 fouls called against the Wolverine Cubs and 27 against Douglas.

This Friday will see the Wolverines playing their final home game as they face the potent Manogue winners in what should be a real thriller since Manogue is tied for the league lead with the Winnemucca Buckaroos.

Saturday the Wolverines will travel to Stewart for their final regular game of the season before the Zone Tournament which opens in Reno next week.

The highest point in Asia is Mount Everest in the Himalaya Mountains, 29,141 feet.

Phone Company Sets New Records In All But Earnings In 1956

The Pacific Telephone and Telegraph Company set new records in everything but earnings in 1956. This was the highlight of the company's annual report released today by P.T.T. President Mark R. Sullivan.

Copies of the report will soon be available to the public at the company's local business office. Almost \$423 million, or \$1.6 million for every working day, went into new telephone plant and additions. A record outlay for a single year, this figure topped the 1955 construction program by more than \$122 million.

Better than 513,000 telephones, reported as the highest one-year gain ever made, were added in 1956. In the Truckee-Lake Tahoe area the number of telephones added last year totaled 412, said Manager Selkirk, bringing those in service here to 4215.

At year's end the company had over 6 1/2 million phones working in its five-state system.

"Our rate of earnings in 1956 stayed just about where it was in 1955," Sullivan said in the report. "In fact as the year closed, it was trending downward sharply due to increased costs, particularly wage increases granted in the last month or two of the year."

Looking ahead, Sullivan forecast continued growth for the Pacific West. "By 1966," he predicted, "we should be serving at least 11 million telephones instead of six million. We should have something like \$4 to \$5 billion worth of plant instead of \$2 billion."

"In short," Sullivan concluded, "if we are to keep pace with the growing West, it appears we will be called on in the next 10 years to just about double the number of telephones we have in service, and double our dollar investment in plant."

Vanderbilt Races Set For Summit March 1-2

SUGAR BOWL—The Warren Vanderbilt Memorial Intercollegiate ski meet will be held at Sugar Bowl March 1 and 2. The first Vanderbilt race, sponsored by the University of California in memory of their first ski team captain, was held in 1938, one of the earliest ski meets in the West.

Competing this year will be Nevada, Sierra College, Chico State, UCLA, Stanford, USC, San Jose State and the defending champion, California.

The snow level on the summit sank to from three to six feet as a result of recent rains but new snow is promised to make the weekend ideal for the sport of skiing.

AIRPORT FUNDS ARE DIVIDED IN STATE

State Controller Robert C. Kirkwood this week announced disbursement of \$350,000 to cities and counties of the state from the aviation tax fund collected by the state.

Nevada County received a total of \$3,319.95, \$1,659.98 of which

State Official Tells Of Problems In Combating Delinquency At Meeting

The regular meeting of the Tahoe-Truckee Unified High School PTA was held on Thursday, February 14 at 7 p.m. The nominating committee composed of Mesdames Gunkel, Davis, Giovannoni, Williamson, Cooke and Mr. William Sciutto will present a panel of officers for election at the next regular meeting on March 14.

Discussion of changing to a parents and teachers club from PTA was tabled to the March 14 meeting.

Under program John Corbin, superintendent of the Tahoe-Truckee Unified High School District, introduced Mr. Wayne Bartholomew, consultant of the State of California Recreation Commission, who discussed with the group the recreation of this area.

Bartholomew pointed out: "If you have a juvenile delinquency problem and expect a recreation program to remedy it, you're wrong! It can't do the job by itself." To be successful, a recreation program would encompass the entire community, not just a teen-age group, he said.

Discussion brought out the reasons for success or failure of "teen age" centers in other areas, the cost of co-ordinated recreation programs with a recreation director in other areas, means of financing a recreation program, and administrative jurisdiction.

Bartholomew also stated "that a recreation program operated on a volunteer leaders basis alone always seemed to fail for one reason or another. Conversely, no recreation director can do the job without the cooperation of the community."

The group decided to request the State of California Recreation Commission to make a study of recreation in this area early this spring. Meantime, the community recreation committee will continue with the program as already initiated.

Douglas County Has One Officer At Lake

MINDEN—Once again Douglas county has only one peace officer on duty in the Lake Tahoe area, following the resignation of the deputy sheriff named little over a month ago.

Robert McDonald gave "personal business obligations" as the reason for his resignation in a letter to Sheriff J. E. (Eddie) Batchelder, which was dated Christmas day, the Gardnerville Record-Courier states.

went to the Nevada City Airport.

Each county of the state receives \$2500 from the fund annually plus a supplemental allocation of the balance collected based on population. Airport districts are considered, for the purpose of allocation, to be counties and receive their \$2500 annually, plus their share of the division of the balance.

The fund in counties of under 100,000 population may use the money for capital outlay and maintenance.

Teen Age Group Will Hold Dance March 2

A dance will be given between the hours of 8:30 and 12, Saturday night, March 2 in Hilltop Lodge for pupils of the 10th, 11th and 12th grades of the local high school. Chaperones for the affair will be Mr. and Mrs. Frank Snyder and Mr. and Mrs. Roger Stinchfield. The theme has been named "Caught in the Fire."

Father McAllister has been asked to be master of ceremony and the following young people have been assigned to music arrangements: Joyce Hallett, Sharon Tre-

mayne, Kenny Osburn and Buzz Trainor.

Entertainment will be provided by Floyd Cooper, Pat Andres Joyce Hallett and in charge of decorating the rooms are Pat Andres, Eve Hallett, Alice Lander, Sandra Treymayne, and Karen Sharick.

THE MARK OF A REALLY SMART PERSON

The mark of a really smart person is not necessarily a college diploma or a Phi Beta Kappa key. It might be simply a record of carefully-considered actions.

To "know it all" would be wonderful — if we humans could absorb that much knowledge in a lifetime. Next best is to seek and accept the advice of experts, particularly your Doctor.

Visit him frequently. Follow his directions carefully. Bring your prescriptions to us to be filled, and take the medicine he prescribes regularly.

Such cooperation is the best course possible for preservation of your health, and it marks you as a really smart person.
